World's Best Drywall Lifts™
PANELLIFT
Brand

Overview

The Telpro 138-2 Panellift Drywall Lift has a fast-action single stage winch with silent cam-lock brake that easily lifts and lowers wallboard, which saves on back strain. This lift will single-handedly lift wallboard up to 11' walls and ceilings and up to 15' with telescoping center section extension. The cradle tilts laterally 65 deg for easy loading and for installation on walls and sloped ceilings. The cradle also tilts longitudinally 10 deg. This lift has a standard loading height of 34" and a load capacity of 150 lbs. The drywall sheet capacity is 4' X 16'. The unit weighs 115 pounds. The Telpro 138-2 Panellift Drywall Lift is manufactured in the USA.
