\$25 Day

\$100 Week

- **Digital Target ID Scale and Target Depth Indicator:** This is an identification scale from 0 to 99. It helps users identify the type of metal detected and the depth indicator estimated target depth.
- **Sharp, Responsive Audio :** This helps users differentiate between important and unwanted targets.
- **Three Search Modes:** This detector features three pre-set Search Modes to help narrow down what you wish to find: Coins, Jewelry, and Zero-Disc mode (no metals discriminated out).
- **Sensitivity Adjustments:** Four sensitivity levels allow users to customize the detector's responsiveness, adapting to different ground conditions and target sizes.
- **Weight and Portability:** Weighing only 2.75 lbs,
