Powernail 445 Pneumatic 16 Ga. Cleat Nailer

For those looking for the ease of use of a pneumatic tool, the Model 445 - designed for use with 16 gage 1-1/2", 1-3/4" and 2" Powercleat nails- provides several distinct advantages. The Model 445 can nail 1/2", 3/4", and 33/32" tongue and groove hardwood flooring through the use of easy-to-change adapter plates. Simply snug the boards together with the mallet, tap the plunger on top of the nailer with the mallet and let the Powernailer 445 drive the nail at the correct 45-degree angle and set the nail.
