Ventilation/Exhaust Fan w/ 25' Sto&Go Ducting

Ventilate even the largest areas with this powerful axial airmover from Dri-Eaz. Powerful enough to drive air through 125 ft. of ducting or more, (rental comes with 25 ft. duct, additional charge per 25 ft.). The Vortex can bring fresh air into work areas during construction or remodeling projects, or duct noxious fumes out of work spaces. Use it to control air quality in large areas like gyms, hallways, or manufacturing and processing environments. Designed and built by US airmover experts, the Vortex is tough-made for the most difficult environments.

Specifications

Air Flow Capacity	2041 Cubic Ft. Per Minute
# of Speeds	1
Wattage	851
Voltage	115
Dimensions	16"D x 21"W x 18"H
Weight	35 lbs.

Sto&Go Ducting

Collapsible semi-rigid 12" ducting suitable for negative or positive pressure applications, made with PVC-coated polyester fabric for durability, and with spring steel wire helix to resist collapse under negative pressure. Built-in bag with handle to protect ducting during transport and while in storage, 25' long and constructed to connect to additional Sto&Go ducting segments.
